Comment text:

Strongly object to the proposal that Owlpen should come under the jurisdiction of Wotton-under-Edge. This ridiculous proposal has not been thought through. Owlpen and its sister parish of Uley are knitted together with Dursley, a couple of miles away, offering all the important services needed fed by a main B4066 bus route. Where is the bus route to Wotton, some 5 miles distant ?

Owlpen is within walking distance of Uley and share their combined interest in planning matters, road traffic safety matters, management of woodlands & much more.

Owlpen residents use the facilities offered in Uley, E.g. shops, buses, church, festivities are shared, Public houses, eateries, footpaths, etc. What about crucial medical services, currently available in Uley, a five minute journey. At least 20/30 minutes to Wotton by car ! Wotton surgeries are already feeling the pressure of extensive housing development in their area.

This proposal is unrealistic & unworkable, it would break up an established community and needs to be shelved without delay.

[REDACTED]

Uley resident & ex Paris Councillor.
