Although I am perhaps biased as a current Liberal Democrat councillor for the area, I have lived here for a number of years before I even considered becoming a councillor. I have always found it odd that Bill Quay was not mentioned in the ward name so I am pleased that the commission has taken up the group's suggestion and included it in the proposed new name. It is perhaps quite a minor change but I feel that it better reflects the makeup of the ward. The proposal to move a few streets into Felling makes sense.
