I am pleased to see the recommendation that Pershore Division stays in its existing form. I am also very happy to see our parishes support this situation. I noted the suggestion from another councillor that Drakes Broughton moves into Pershore and the rural parishes in Pershore move to Upton Snodsbury. Whittington and Norton are similar in population to Drakes Broughton and are also increasingly urbanised. Both these parishes have housing estates connected to Worcester City so this argument to move these parishes does not make much sense. Furthermore, the relationship between Bishampton and Throckmorton, Pinvin, Hill and Moor and Wyre Piddle is incredibly strong, with a liaison meeting held for these parishes around the landfill and another community group focused on the proposed new town in the area. The parishes of Pinvin ward all engage with both. Keeping Pinvin ward with Pershore also makes sense given the connection between Pinvin and Pershore through schools and the connecting of the urban area along Station Road/Terrace Road.
