Autumn Close Residents Forum
co/ 4, Autumn Close
High Heath
Walsall
WS4 1DU

2nd April 2024

To Whom it concerns,

We are a group of residents living in the High Heath area and attend the Autumn Close residents forum, where local residents attend to discuss and bring to attention any issues within the area and local councillors attend to help and support.

The residents would like to have a say in the consultation regarding the LGBC and proposed boundary changes with Rushall and Shelfield ward and Pelsall ward.

Concerns are :

Losing their identity as would like High Heath to be retained and named as the area, going forward, whatever the outcome.

Loss of community adhesion as work well with local councillors who have served for many years within the Rushall and Shelfield ward and with the proposed boundary changes, this will change.

Kind Regards,
Margaret Hayes chair
