Comment text:

Related subject: St Matthew's

I agree with the new boundaries put forward by the boundary commission for the following reasons

- Chuckery is naturally one area and should be kept together
- The Hatherton area is closer to Rushall and should be within the same ward.
- The links to the Arboretum from The Butts and from the Hatherton makes sense to keep them together in one ward
- Many of those from Butts do not have any connection to Chuckery and keeping Chuckery with Butts in one ward is not reasonable.

I agree with the new boundaries and want them to be implemented.
