I am satisfied that the commission has got it right in regard to the new boundary for St Matthew's, Paddock and Birchills Leamore.

The proposal takes us back to the ore 2004 boundaries, which kept Chuckery within one ward and kept North Walsall and the 'Croft St' area within St Matthew's Ward.

There are natural links with the communities of Caldmore and of those in North Walsall - they have similar backgrounds and are linked through family, community and cultural ties.

The proposal makes sense and should be accepted.
