Related subject: Paddock Ward Boundary Changes

I agree with the proposed Ward Boundary changes and submit further evidence to support the whole of the The Chuckery being located in Paddock Ward.

The name, "Paddock Ward" is derived from the paddock that was located in The Chuckery in the 1800's. At this time Walsall was in transition from a semi-rural area to an urban one. A hunt took place in Walsall with the horses being kept in the paddock. Paddock Lane led to the paddock. Tantarra Street which runs parallel to Paddock Lane is also associated with the hunt. It is onomatopoeic; being the sound made by the hunting horn as the hunt set off. Also located in Chuckery is Dog Kennel Lane where the hunting dogs were kept. See attachment Chuckery 1876 map.

As I was growing up adults would sometimes refer to The Chuckery area as "Paddock", referring to the history of the area. In the late 1960's the Paddock flats were built, taking their name from the land they were built on. The building of the Paddock flats resulted in Paddock Lane and Tantarra Street being dissected. The roads continue south of Union Street. See Chuckery Today attachment. Paddock Lane, Tantarra Street and Dog Kennel Lane are marked with a RED STAR.

The Paddock flats were originally Walsall Council social housing. The flats are now managed by WATMOS Housing Association. There is an emphasis on tenant engagement in the day to day running of the flats. This has led to improvements to the interior and exterior of the flats as well as the environment around the flats.

In addition to WATMOS, a group of Chuckery residents formed Paddock Housing Co-operative. The residents were on the Council waiting list for

housing and got together in response to the promotion of the co-operative housing model. The Paddock Housing Association is located at 67 Walhouse Road, Chuckery and is responsible for 46 properties in the area.

Chuckery Junior and Infants School is in the centre of Chuckery, serving the local community. The community is also served by Blue Coat Junior School which is located inside of Chuckery's natural boundary, Springhill Road. Within the Chuckery area there are several places of worship; St Lukes which also hosts Scouts, Cubs and Beaver groups, the New Testament Church of God, Central Mosque, (all three within a few seconds walk of each other) and St Judes and The Crescent Baptist Church, (just a few minutes walk away).

Eldon House in Eldon Street houses the Walsall Sea Cadets

The Chuckery is served by two bus services. The 22 bus runs on a circular route linking three communities; The Chuckery, Butts and the Buchanan estate via Walsall Bus Station. The 74 bus links The Chuckery with the Gillity Estate. It starts and terminates at Walsall Bus Station. The 22 service is like a community in itself with many of the passengers getting to know each other and developing a banter as it meanders around its quirky route. Looking at the 22 Timetable, Paddock is referenced. See attached timetable;Walsall Community Transport Paddock Circular.

Chuckery has an active community spirit which can be seen in the 5 Streets project which bought benches, signposts and litter bins into the area and the development of two park areas, one in Chuckery Road/Walsingham Street and Chuckery Pocket Park on Walhouse Road/Charlotte Street. All the above projects were community led.

Chuckery has a group of active litter pickers, linked to the Healthy Spaces Team in Walsall Council. The Council provides the litter pickers with equipment; brooms, bags, hoops and pickers. The volunteers wear a distinctive Tabard to identify them as volunteers. Council staff from the Healthy Spaces Team organise community litter picks.

I feel that the proposed ward boundary changes will strengthen the Chuckery identity and empower residents to improve the area.
