## Comment text:

Badsey & Aldington PC have the following comments to make:

Discussions have taken place with Cllr Adams and agreed that to split Aldington from Badsey would mean that the parish is split and dealt with by two County Councillors. With the current and ongoing issues that Aldington have, it would be more difficult to resolve with changes to cllrs who know the history of the area. The PC do not support the move for Badsey to Broadway when experience has shown that Broadway would take the limelight with its tourism and landmarks and Badsey would be seen as second priority. Badsey also has more in common with Bretforton as it shares the B4035 and a heavy HGV route.
