Holme Valley South Branch Labour party objects to the proposal that the central area of Netherthong should be moved from the Kirklees ward of Holme Valley South to Holme Valley North. We further object to the consequent splitting of the Holme Valley Parish Council ward of Netherthong. Our reasons for objecting to the changes are:

1. There is no pressing need for the change. Future housebuilding is likely to even up the numbers in HVS and HVN. (District Council wards)
2. The splitting of Netherthong into two parts cuts across a natural community. (District and Parish Council wards)
3. People in Netherthong look to Holmfirth, not to Honley or Meltham, to access services and for shopping. (District and Parish Council wards)
