Related subject: Vale of white horse south Caldecott Ward

On your revised map Caldecott The division For south Abingdon, the division dog legs excludes Stone hill house and oday hill Farm house.

The logic in my view would be to include these two properties into the Caldecott boundary they are next to the Drayton road new development and indeed the field where the properties are built was part of Oday Hill farm

There is a natural separation at this point between Caldecott and Drayton.. ie one field naturally divides between Abingdon South and Drayton see map.

I have marked my suggestion to include the two properties into Caldecott ward.

Yellow boundary is my revised

Blue hatched is your existing suggestion
