## Comment text:

**Related subject:** Ward boundaries

I am a firm believer in keeping communities together.

The previous ward boundaries split communities up. Communities of Abbey Meads, Moredon, Woodhall Park, Pinehurst, Upper Stratton, Coleview and other parts of the town were split.

I understand numbers of voters have to balance and some roads are possibly able to fit different communities if they border two. However I would like to see them better kept in communities in future, even if some communities have to be joined together.
