## Comment text:

**Related subject:** Parishes

The central parishes are wrong. South Swindon needs to include Old Walcot/Walcot West as the associate with Old Town. They are not part of Park North or Walcot. The main Queen's Drive road should be the denominator.

Park North and Walcot should be with Park South and Eldene. If you live in Swindon you know they are associated with each other and in a common boundary within a predominantly council housing area. The main roads around these areas also cause the divide.
