Related subject: Swindon South

Old Walcot (WPA) should be included with The Lawns (CLA) , and parts of CLD and CLC with the M4 as the boundary. These housing areas are similar, with a similar demographic.

Old Walcot (WPA) does not fit with the demographic of Walcot and Park North (WPB, WPC and WPD) which is largely social housing. The Queens Drive boundary makes sense along its entire length.

Chisledon is more of a satellite village like Wroughton so the joining with Lawn (CLA) is inappropriate. These areas are very geographically distinct. Chiseldon should be joined with another satellite village. I believe that Chiseldon may be in a new North East Wiltshire Constituency, rather than Swindon South.

If Central is too big, CED could be joined with WPA (again similar demographic).
