## Comment text:

**Related subject:** Nottinghamshire/Doncaster

We currently live in Bircotes (DN11 [REDACTED]) after many years living in West Yorkshire.

I was very surprised to hear that both councils are in charge of the area depending what you need (Nottinghamshire/Doncaster) unfortunately found it very confusing and had bad experience when reporting things such as (litter with syringes, shattered glass, anti social behaviour, potholes, broken fence etc) as have occurring responses when each council keeps bouncing back to another one and at the end of the day there is no final answer who is responsible for these things to be sorted.
