Related subject: Ryton, Crookhill and Stella Ward

It seems unfortunate that a long established part of the ward, that being Barmoor, with ties to the existing ward going back for a significant period has to be moved into another area, particularly as such facilities as Ryton Rugby Club are in that area. What alternatives have been considered? I personally disagree with the proposal as it breaks up an established community with strong historical ties to Ryton and consider this to be yet another slap in the face to Ryton.
