## Comment text:

Good morning

I would like to submit a view regarding proposal for the retention of Ventnor Gardens and Ventnor Crescent within the Saltwell Ward rather than moving it to the Low Fell Ward.

The reason cited is that the community have more affinity with Saltwell ward. I would question on what factual evidence that this is based? Have all residents of the Gardens and Crescent been asked this question directly or is it an assumption that is being made?

Ventnor Gardens and Ventnor Crescent are geographically aligned to houses in the Low Fell ward. They are a distance from houses in the Saltwell Ward and in fact are separated by the allotments, cemetery and park.

Please note that Ventnor Gardens and Crescent have a NE9 postcode.

Please also note that the Catholic Diocese of Hexham and Newcastle recently adjusted their parish boundaries to ensure that both sides of Ventnor Gardens are within the parish of St Peter's Low Fell.

I would appreciate a response to my queries.

Thank you.

Kind regards
