**Related subject:** Merge Barmoor Ryton to Crawcrook

I am dismayed in lots of respects , the short notice being one of them . Lack of respect for people who own property in these area. I bought this house because it was in Ryton and moving these to Crawcrook will undoubtedly devalue these properties. I worked in the property industry for 30 years and am well aware of the implications. It is disgraceful that you are just letting the residents know at this late hour . I know that they will want to remain as part of Ryton Borough not Crawcrook. Please advise me ASAP.
