**Related subject:** Ryton/Barmoor

I find without prior consultation Barmoor is to be moved into the Crawcrook ward!!!!

Barmoor is part of Ryton and I along with many residents contribute to Community Activities in Ryton. I have done Voluntary work with both Ryton Infants and Junior schools over the past 34 years and have been regularly involved with the Ryton Cricket club Family Fun day. These activities are centred in and for the Ryton Community. I resent that without consultation you break up an area with Great Community Spirit to balance your numbers.

The blatant disregard for the residents of Barmoor contributions to Ryton is disgraceful, plus you devalue our properties by this move.

What adverse effects will this move have on our Schools?

The total lack of communication with the residents is unbelievable. We are entitled to a say in how our Community is run and do not deserve to be dictated too by those who are supposed to be our political representatives.
