## Comment text:

**Related subject:** Barmoor and Ryton

I object to the moving of part of Barmoor to Crawcrook and Greenside ward. Geographically, Barmoor as a whole is obviously part of Ryton, and this small community should not be divided. The division suggested is arbitrary. I feel that old and well established communities should not be divided or moved into a different ward. Newer communities and estates do not have this historical affiliation. The newer estates in our area could easily be attached to a different ward.

I am also very unhappy that these proposals were not easily available to those most affected.
