## Comment text:

**Related subject:** North Birtley and Lamesley

The area near Long bank will not be served well if put together with North Birtley and Lamesley. It will be a forgotten area and will be better off together with High Fell as more similar area or secondly with Chowdene as there are build up similar areas. If North Birtley and Lamesley becomes too small rather take an area of the other side of Chowdene to add there.

Specifically the estate with all the Gardens, Seaham Gds, Satley Gdns etc should not be together with North Birtley and Lamesley.
