**Postcode:** [REDACTED]  
**Organisation Name:** (Member of the public)

## Comment text:

**Related subject:** Ryton

I totally disagree with the boundary changes which will move my house from Ryton into Crawcrook. You say there has been public consultation but no one seemed to know about it and we have only just realised now. I think this is because of all the new housing in Ryton - but WE live in Ryton. My son was born at home in Ryton. We bought the house because it is in Ryton. We live opposite Ryton school. I do not want to live in Crawcrook. I did not want all the new houses to be built - why not put them in Woodside and Greenside instead of moving our house? I will not be voting for you on May 8 unless something is done. I know a lot of people with the same view. I will also be contacting our MP.
