The public consultation didn't take place as far as we are concerned. We knew nothing about it until Tuesday 2nd April 2024. This area of Barmoor has been part of Ryton for many, many years and is on the Ryton side of the Gateshead Council policy designed to separate Ryton from Crawcrook by an area of green land. As it has become convenient to the Council this has changed to a continuous form. Barmoor is in the Ecclesiastical Parish of Ryton rather than the Parish of Greenside.
