**Related subject:** Barmoor moving to Crawcrook

Hi, it has been brought to my attention by other members of the public that it is gateshead councils intention to move barmoor into crawcrook, I want to raise my utmost rejection of this change! It is absolutely disgusting that this is even being considered. I have lived in this area all my life, if I wanted to live in crawcrook I would have bought a house in crawcrook. My house is opposite ryton school, my house is in Ryton. I have genuine concerns that being classed as crawcrook will affect the value of my property. I strongly object to ryton changing to crawcrook
