

# Gateshead

## Personal Details:

Name: [REDACTED]  
Email: [REDACTED]  
Postcode: [REDACTED]  
Organisation Name: (Member of the public)

## Comment text:

Too many councillors lead to lack of decision making and accountability. At least half the number of councillors and focus of getting Gateshead, durham road and low fell respectable areas again. The decay of our infrastructure and condition of our public roads, paths and services needs addressed and the focus, not ineffective reallocation of boundaries. You are taking a huge risk neglecting the low fell area, once the people with actual money start moving out of Gateshead and back across the river there will be no funding left at all. The neglect of the areas that actually contribute the most to the council funds needs addressed first. Make low fell a nice place to live again and you will encourage investment from locals. Currently the decay of the area is disgusting. We literally get nothing for our money except the bins taken (inconsistently). Invest in the affluent areas and you will see it will pay for its self.
