## Comment text:

**Related subject:** Homer Green [REDACTED]

I feel that Homer Green should be reviewed to either be included as part of Ince Blundell village or Lunt village parish council and not Thornton parish council as it currently is.,Homer Green is situated no where near the Thornton area ,it is situated between Ince Blundell and Lunt village and would benefit more by being included in either of these rural parish wards which address rural community concerns .Homer Green has nothing in common with the non rural Thornton area as a whole and the issues it faces.
