**Related subject:** Ward names

The ward boundaries set out in the draft review are sensible and represent an improvement to the current situation. However, as referenced in the report many of the ward names are antiquated and do not accurately describe the areas covered.

I propose the following changes:

Park – Lydiate & Maghull West

Sudell – Maghull East

Molyneux – Aintree & Maghull South

St Oswald – Netherton North

Netherton & Orrell – Orrell & Netherton South

Derby – Bootle East

Linacre – Bootle West

Church – Waterloo & Seaforth

Victoria – Great Crosby

Manor – Thornton & Hightown

Ravenmeols – Formby East

Harington – Formby West

These names are far more descriptive and I believe would aid local democracy in that residents would know which areas their councillors represent. The current vague nomenclature may be derived from historical sources, but serves only to confuse the public. I am not familiar enough with Southport to suggest any changes there. Please consider my representation carefully.
