Postcode: [REDACTED]  
Organisation Name: (Member of the public)

## Comment text:

**Related subject:** Dukes

I note that Dukes covers the amusement area and the sea front down past Royal Birkdale golf club. This is likely to mean that my own street will come a poor second in the available resource while being expected to fund extra services. An example is on the street outside my property, where the original cobble stones are clearly visible in potholes. The area includes what was Pontins, which is now just an eyesore white elephant. Perhaps a council run dog park could be created here, for a sensible cost.
