Comment text:

Dear team

Further to my recent email with regard to our objection to changing Belbroughton to Woodvale, there are several points I failed to mention to support our strong objection. One main concern is being patients at the doctors surgery in Belbroughton and have been for many years and always received good care and as pensioners this is of the utmost importance to us. We always use the shopping and other social facilities in Belbroughton and consider Belbroughton as central to our day to day living, it is a place we both look to. Policing would be something else to consider as it would be a completely different team, so where would this area sit with local policing? Schools would be another issue for young families, obviously this does not affect us as retired pensioners but would be of great concern to a good many.

I do hope you will take all our concerns into consideration.

Kind regards
