Related subject: Littletons - Badsey and Aldington

I note the proposal to move Badsey from the Littletons to the Broadway Division whilst Aldington remains in the Littletons Division. I disagree with this proposal as I feel Aldingtons community interests and identity are more aligned to that of Badsey rather than the villages forming the Littletons. As such I feel that the proposals do not reflect the community identity or best serve the Aldington community interests. The number of electoral voters in Aldington is de minimus and has little overall impact on rationalising the number of voters per Councillor. My preference would be for Aldington to be aligned with Badsey within the Broadway division.
