Comment text:

It has been brought to our attention, as residents of Belbroughton for 22 years, that it is the council's intention to change our postal address from BELBROUGHTON to Woodvale. We would strongly object to this action as we have paid a premium to live in the parish of Belbroughton for all these years and feel nothing would be gained by altering a well known ancient parish.

We and all our neighbouring parisheners would therefore strongly object to this action and trust our concerns will be considered.
