Related subject: Belbroughton - Gorse Green Lane

I would like to object to the proposed boundary amendment for residents on the A491 dual carriageway. My family have lived in my hours for 4 generations and feel that it is part of Belbroughton. We regularly use the village and part of my logic for purchasing the property was that when i do have children they would be eligible for the belbroughton schools catchment area. I am concerned that the boundary change is being imposed on the residents and I would ask why myself or my neighbours haven't received any communication at all around the change? Whilst I appreciate the logic to reduce the electoral variance I feel that no consideration has been given to the fact that this is splitting a well established community. Many facilities for belbroughton service the whole of the area and I feel that due consideration has't been given to this. Finally will residents who are being moved out of Belbroughton receive any financial compensation for the reduced value of the property that they purchased before this proposed change? The justification for the change isnt felt by the residents of the area and as no consultation has occurred it has reduced our ability to share this.
