## Comment text:

I am a resident of Bell Heath, Belbroughton, it has recently come to my attention that you are proposing changes to our boundaries and community structure. I am absolutely furious to hear about these proposals, we are very close knit community and we are strongly linked to the village of Belbroughton. In fact, we do the short commute several times a day to and from the village for shops, schools, family and friends. Our lives are linked and tied to each other, we are an extension of each other. Your proposal that we should change this is unthinkable and unacceptable.

I am 60 years old and have worked my entire life, I have never asked for or needed any support from government and my lifelong focus has been to invest my hard earned money in our property. The thought of you deciding to change our boundaries will inevitably devalue my life's work, this would be tantamount to pension theft as our financial wealth and future plans are largely based on our property.

I have no doubt that you will find very strong opposition to these plans and would appeal to you to reconsider.

Regards
