Comment text:

Related subject: Clent Hills Division.

I wish to formally object to the proposed boundary changes from Client Hills division to Woodvale.

We have no affinity with the Woodvale catchment area.

Our community is an integral part of Belbroughton and has been for centuries.

Our address is Bell Heath Belbroughton and part of our council tax funds Belbroughton Parish Council

We are part of Belbroughton parish and serve its community. Served by a thriving community and sports centre.

Belbroughton has the only shop and post office in our community. There are three public houses and a well-attended CIU working mens club.

Our local children attend the local primary and senior schools in Belbroughton and Hagley. Children attend the Hagley school via coach. Under the proposed changes these schools will not be in our catchment area.

We cast our electoral votes in Belbroughton.

We live in a natural environment that reflects our situation within walking distance of the Client Hills of outstanding natural beauty with its narrow roads' bridleways and footpaths.

The doctor's surgery is in Belbroughton situated at Glebeland Surgery.

We meet our MP and local councillors at the Church Hall in Belbroughton.
