## Comment text:

**Related subject:** Belbroughton - Bell Heath

This is totally terrible and no one at all have been consulted on this. To change the name to an area we're not from. What happens to the doctors and school for the future of our generation. What gain is being made from some appalling decision like this. We paid a premium for our post code are we going to be reimbursed if this change happened. No disrespect but I wouldn't be buying a house in bournheath or Catshill area. No one living here or in this area will let this happen without complete uproar.
