## Comment text:

**Related subject:** Local Gov Boundary proposal Belbroughton

Very concerned about the proposal. I moved into the area to enjoy the area including the amenities like wise other people. Some young residents have taken up residency looking into their future a perhaps sending children to schools pertaining to their area. Presumably they will no longer be able to do so. The facilities in Belbroughton ie; Post Office , Social Club and Public Houses are all a consideration that we enjoy and support and walk to many times. Drs are another consideration. When voting .does take place one will have to consider what are we voting for and another aspect is where will we vote. This is just a few considerations. One could go on and on. It most certainly will affect our lives in many other ways adding to more many pressures of life that we could all do without at the moment in this very trying times.
