Email: [REDACTED]  
Postcode: [REDACTED]  
Organisation Name: (Member of the public)

## Comment text:

As a Kidderminster resident, please may I register my objection to the current proposal to create completely new wards for Kidderminster Town Council instead of continuing to use the existing Wyre Forest District Council wards for Kidderminster Town Council elections as is done currently. It makes matters easier for residents when they do not have different boundaries to contend with and must also make it easier for Town and District councilors to work together and/or for District councilors to also sit on the Town Council.
