**Related subject:** Bell Heath Belbroughton changing parish.

I strongly object to the proposed boundary changed, we have lived in Bell Heath, Belbroughton for over 11 years as a family, and are very much part of the local Belbroughton community. Our children attend local schools, we all use Belbroughton village as our local hub for most things, we are members of the Belbroughton club, use the post office and the convenience store, registered at the glebe surgery, use the community sports centre, and involved in Belbroughtons annual scarecrow weekends, beer and food festivals, bonfire nights, etc...

Approximately six years ago, my neighbour, and one of our local councillors fought hard to recognize Bell Heath a part of Belbroughton, this was welcomed by the village and signs were erected at a cost covered by the parish. We are all very proud of those signs which greet everyone as they cross the current boundaries clearly stating "Bell Heath in the parish of Belbroughton"

We all wish to remain a part of the Belbroughton parish, to have a say/vote in what happens to area, facilities, amenities, and services we use on a daily basis.
