**Related subject:** Belbroughton

I have been part of the Belbroughton community happily for years, using the doctors, community centre, pubs and restaurants regularly. Belbroughton is a very close community where we look out for each other all my friends etc I have built up over the years of from the community. I have no connection with Fairfield and never use any of the services provided there. I socialise in the local social club in Belbroughton. It would upset me to know that I was no longer a part of the community I've been part of for years purely just to satisfy numbers of electorate.
