## Comment text:

We recently purchased a house at Plantation View at Grey tower Village, one of the reason we bought this house and accepted the price as it's in "Nunthorpe". We recently received notices about Plantation View and Borrowby should be down as "Marton West" and this really worry us if the house value will be affected in future because of this and we are currently paying council tax band F! We are part of the Grey Tower village and we shouldn't be divided and should be part of Nunthorpe, if where we are now should be Marton West then we should have been told before purchasing the house not after!!
