## Comment text:

**Related subject:** Nunthorpe

We would like to be in the Nunthorpe boundary instead of Marton west as the majority of our estate apart from 2 roads including ours are in Nunthorpe and it is splitting the estate to have separate areas within such a small area. Also, the facilities for Marton west are a quite a distance away from where we live whereas the Nunthorpe facilities are all very close to us. We also feel that the obvious boundary between Marton west and Nunthorpe should be Brasscastle lane, if you look on the map this clearly shows a natural boundary.
