Related subject: Corringham & Fobbing

There is a cluster of a couple of dozen addresses in Vange Park & Bells Hill Rds. I have been a resident for 50 years. Historically this is part of the parish of Fobbing, but a series of administrative and physical oversights has stranded these addresses legally and fiscally in Thurrock, administratively ignored, and geographically and postally/telephonically on the slopes of Basildon's Langdon Hills. To visit the Thurrock semi derelict Town Hall is a journey of over 10 miles, only by passing through part of Basildon; centred less than two miles away. The Basildon ward of Nethermayne is already administering three quarters of Bells Hill Road and its side turnings. I propose that the rest of Bells Hill Road and all of Vange Park Road including Hovels Farm should be transferred to the Basildon ward of Nethermayne.
