## Comment text:

**Related subject:** Chadwell St Mary ward

The Orsett Heath ward should be hived off to Orsett ward; there is already a portion of Orsett ward south of the A13. Orsett Heath has nothing in common with Chadwell St Mary and would appreciate being detached.

The south-eastern part of Chadwell St Mary that was hived off to Longford should be re-attached to Chadwell St Mary, of which it is an integral part already; for it to be remotely attached to Linford makes no geographical or administrative sense.
