Related subject: Tilbury Riverside and Thurrock Park

Here in Thurrock Park we used to be part of Little Thurrock Rectory which was a lot more relevant to us, now we are a part of Tilbury Riverside we are pretty much unrepresented as our ward councillors are naturally mainly concerned with Tilbury issues that do not concern us here much of the time. I feel we got moved purely as a numbers game to make room for the new, at the time, Celcon estate and not because of any shared history or affinity to Tilbury, which I probably visit twice a year for the dentist!
