**Name:** [REDACTED]  
**Email:** [REDACTED]  
**Postcode:** [REDACTED]  
**Organisation Name:** (Member of the public)

## Comment text:

**Related subject:** Grays, rectory road

The number of people doesn't matter when the people representing us can't get anything done when they report issues. Fly tipping (which will get worse with bin collections getting less frequent). The road sign has been damaged by my house for ages, I reported it a long time ago, nothing ever gets done. We need fraud detection teams within the council to work out why we need so many staff compared to constituents. It's way above that of any other council yet nothing ever gets done. The taxes get raised, the services get dropped and no one is ever held accountable for their actions. The way the whole council is ran is just disgusting! It's because of thurrock council I will be putting my house up for sale and having to get my partner to quit her job and move to Chelmsford where the council is far less corrupt. This is a huge disruption in my life after I have suddenly lost my father at a young age. I could go on forever about the failings of this council, this survey will cost tax payers money and I would put a large bet on that nothing gets done about any of the feedback. THIS COUNCIL NEEDS TO BE HELD ACCOUNTABLE, IT IS A DISGRACE TO DEMOCRACY
