Comment text:

Related subject: As a whole.

Why do we need MORE councillors??? They do nothing for the residents of Thurrock and are an unnecessary expense we could all do without. This is a desperate ploy by conservatives to attempt to increase their numbers to stay in power. All councillors involved in the theft of residents money, and yes I do consider it theft, should be barred from ever holding such a position in the future. Their failings will affect the borough in perpetuity.

IF we have to have councillors we should be reducing the number, certainly NOT increasing it! I can't view the map and proposed changes as it's not mobile compatible. In this day and age it really should be, as not every one has a home computer.
