Related subject: All Thurrock area

I totally disagree with

- . the changes on bom collections,
- . the bins are small
- . having to pay for the collection of the brown bin,
- . the reduced parking area and amount of tickets being given,
- . the very poor maintenance of our grass (Aveley Village)
- . the poor maintenance of our roads (holes everywhere).
- . Safety is also a huge problem. At our estate (Aveley Village) there is 1-2 cars stolen every week. Police does nothing. And we show videos of Ring cameras.
- . Teenagers are often using drugs in our play areas. Nothing is done.

We pay a fortune of council tax for such poor service.

Who is fighting to recover the money stolen from Thurrock council by that solar panels companies????? You need to chase them other than making us pay the bill and get so little.

I have nothing to agree with council work.
