Related subject: Lindley and Huddersfield North

We have been part of Lindley Ward and have a great connection with the councillors. I have no contacts or connection with anybody or anything in the new proposed North Huddersfield ward. I'm 10 mins walk from Lindley centre. Also the Lindley Ward goes right down to near the town centre which is not Lindley at all. I go to my doctor's in Lindley, the kids go to school in Lindley. I shop and go to all the events in Lindley. Why can we not belong to Lindley. We don't want to belong to Bradley, Fixby and Leeds road. I never go down there.
