**Related subject:** Kirklees proposed boundary lines

I am not happy with these proposed changes, it will affect my child's school placement, which was one of the main reasons for moving to the area and with this it will also affect my house value in turn.

We live on Lindley Park Estate, [REDACTED].

The boundary line has been drawn right through the centre of our estate, meaning some neighbours are in Lindley ward and some are not.

It would make sense to draw the boundary up Weatherhill road or up cowrakes.

We presume this will now change to a different school for my kids.

Please can you let me know how this will affect my school placement in the area, thank you

Please contact me with any questions
