## Comment text:

**Related subject:** Whitley

We are a WF postcode the fact you are looking at us being put into Huddersfield area is ridiculous, the kirkburton area is a large area for a party to cover and I doubt we will see a councillor in our area let alone have one that is interested in Whitley. How the heck do you think this is a good idea. To be honest it's a total shambles. At least we have had help and met a few times with our local councillor.
