Related subject: Chartham

I was very concerned to see that your proposal was for Chartham to be incorporated with Thanington or indeed Chartham could be divided into two.

Chartham is a unique village which even though it is three distinct areas, village green by the church, Shalmsford Street and St Augustines, the inhabitants come together as one and we do not feel divided nor part of Thanington.

You suggest three members for this enlarged ward, I suggest that Chartham should stand alone and have one member. We have a village community and this must be encouraged.
